

September 24, 2010

To Whom it May Concern:

On September 21, 2010 the Sycamore Chamber of Commerce Board of Directors voted unanimously to support Kishwaukee College's November 2 referendum.

The Sycamore Chamber of Commerce understands how important it is for a community to have educational institutions that are visionary and that can respond to the needs of a community. Due to the growth of enrollment, Kishwaukee College is asking voters to approve a referendum in the amount of \$52.6 million to add classrooms and labs, enhance student services, and improve campus infrastructure.

Kishwaukee College has played a significant role in supporting the business community for many years. The Chamber and its Board of Directors sees Kishwaukee College as a vital link to our quality of life and the economic development for our community.

We encourage voters to educate themselves about Kishwaukee College's referendum and to make an informed decision on November 2. We are confident that informed voters will support the referendum along with the Sycamore Chamber of Commerce Board of Directors.

Sincerely,

Timothy E. Beasley
Board President

RoseMarie M. Trembl
Executive Director
